PRODUCT SPECIFICATIONS

Available in Walnut, Cherry, and Maple
All Surfaces are Catalyzed Varnish Finish

Basics III

J A S P E R D E S K

PRODUCT SPECIFICATIONS

Veneer

Veneer on all exposed surfaces are American Black Walnut, Cherry or Maple. Drawer fronts are vertical grain and matched in selected sets to insure proper veneer balance. Inside faces of end panels and back panels are random matched.

Wood Veneer Tops

Tops are 1 ³/₁₆" thick, 3-ply construction. Shaped four sides.

End Panels

All panels are 3-ply construction, 1" thick. End panels feature adjustable levelers set in solid hardwood to prevent glide tear-out.

Modesty Panel

Panels are ³/₄" thick, 3-ply construction with bookmatched approach side veneer faces.

Drawers

Drawer sides and backs are hardwood beech lumber ⁷/₁₆" thick. Drawer fronts are 3-ply construction, ³/₄" thick. Drawer bottoms are of 3-ply hardwood construction. Drawers are assembled with dovetail construction in all four corners.

Hardware

Drawer Suspensions - File drawers utilize "A" grade heavy duty 100% full extension metal ball bearing slide for smooth operation.

Locks - Desk locks use pedestal locking. Individual pieces are shipped random keyed. Units may be keyed alike upon special request. Lateral files are central locking as standard and feature drawer interlocks. Locks are optional in credenza pedestals and doors and returns.

Drawer Pulls - Routed finger pulls are standard.

Wire Management - Black rectangular grommets are standard on all returns, bridge and corner worksurfaces. Black wire access grommets are standard on all hutches, highback organizers and electronic data support tables located in back panel.

Chassis Construction

Construction technique is mortise and tenon, groove and tenon, heavily glue blocked for maximum strength.

Filing

File drawers use an easily adjustable filing system which can be positioned to accommodate letter or legal filing.

Finish

All surfaces are catalyzed varnish finish to insure maximum durability, chemical resistance, color retention, and clarity. All exterior surfaces are finished in the following multi-step sequence: Sap stain, NGR stain, washcoat, washcoat sand, filler spray, sealer spray, sealer sand, varnish spray, varnish sand and varnish spray.

Drawer interiors and exteriors are finished with sealer, sealer sand, and varnished.
