**The finishes shown on this page have been reproduced as accurately as possible, however, due to the printing process some finishes may vary slightly from the actual finish samples originally photographed. In addition, due to the nature of wood, it is possible that some slight variations in color and grain character may occur naturally (which is the beauty of a natural product). Wood finish chips are available for each of the above finishes if requested (please call customer service).

Warranty and Certification

All products listed are warranted against defects of material and workmanship under normal use and service for a minimum of 10 years from the date of installation (see full warranty information). All products listed are Level 2 BIFMA certified.

Veneer

Veneer on all exposed surfaces is American Black Walnut, Cherry, Maple or White Oak. Outside surface veneers are book matched to provide proper grain consistency and uniform grain appearance.

Wood Veneer Tops

1 1/2" thick tops utilizing 3-ply construction utilizing American Black Walnut, Cherry, Maple or White Oak. Solid cherry, maple, oak or walnut lumber rims, shaped with a six (6) Contemporary or Transitional style edge details available. Top cores are high density particle board. Rims on all four sides are precisely mitered on all four corners. High pressure laminate tops are optional.

Panel Base and Square Base Construction

Construction technique is mortise and tenon, groove and tenon, heavily glue blocked with hardwood cleats for maximum strength. Bases are solid hardwood mitered at all four corners.

Height adjustable leveling glides are mounted in each corner with a threaded metal insert capped with a nylon glide that is height adjustable to approx. 1 1/2" to ensure proper leveling of the unit to varying floor conditions.

Electrical Options

Various electrical wiring options are available (please see following standard accessories pages for full details). Please note locations when ordering. Panel base and square base conference table may also be specified with or without optional wire management access doors. Wiring access channels will be provided on panel bases and square bases when requested (please note when ordering).

Finish

All exposed surfaces are finished with a UV inhibitor catalyzed varnish finish to ensure maximum durability, chemical resistance, color retention and clarity. All exterior surfaces are finished in the following multi-step sequence: sap stain, NGR stain, wash coat, wash coat sand, filler spray, filler wipe, sealer spray, sealer sand, varnish spray, varnish sand, varnish spray. Moisture content for all wooden parts is between 5 - 9% prior to sealing. Drawer interiors and exteriors are UV prefinished with sealer, sealer sand, and varnished. Custom finish matches are available, contact customer service for request.
