Ordering Options

Desk Tops

- Cherry and Oak Veneer - Standard
- High Pressure Laminate - No Upcharge
- Grommets (GR2) - Two grommets - Add \$121 List

Pedestal Drawers

- File/File Pedestal (FF)
- Change Box/Box/File to File/File
- Add FF after Model # - no upcharge

Wire Management

- Wall Access Cut-out (WA) - no upcharge

Doors

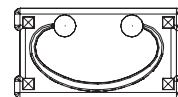

- Locking per set of doors (LK) - Add \$55 List

Center Drawer

- Optional Center Drawer - Add \$374 List

Drawer & Door Pulls

- Pewter - Standard

Veneer

Veneer on all exposed surfaces is plain sliced Oak or Cherry. Outside surface veneers are bookmatched to provide proper grain consistency. Drawer fronts are vertical grain and matched in selected sets to ensure proper veneer balance. Inside faces of end panels and back panels are random matched.

Wood Veneer Tops

Tops are 1 3/16" thick, 3-ply construction with solid Oak or Cherry rims on all four sides.

End Panels

End panels are 3-ply construction, 3/4" thick with solid Oak or Cherry rims on front and back edge. End panels feature adjustable levelers set in solid hardwood to prevent glide tear-out.

Modesty Panels

Panels are 3/4" thick, 3-ply construction with book-matched veneer on approach side.

Drawers

Drawer sides and backs are solid beech lumber 7/16" thick. Drawer fronts are 3-ply construction, 3/4" thick. Drawer bottoms are 3-ply hardwood construction. Drawers are assembled with dovetail construction in all four corners. Drawer fronts are securely mounted on to the drawer box. Center drawer pen trays are of solid hardwood.

Hardware

Drawer Suspensions - File drawers utilize an "A" grade heavy duty 100% full extension metal ball bearing slide for smooth operation. Box drawer and center drawer heavy duty metal ball bearing slides have 100% full extension. All suspension systems feature positive and cushioned in/out stops.

Locks - Desk, Credenzas and Returns use pedestal locking. Individual pieces are shipped random keyed. Units may be keyed alike upon special request. Lateral files are keyed as standard and feature drawer interlocks.

Drawer/Door Pulls - Mission style drawer and door pulls are standard in a Pewter finish.

Wire Management - Black wire access grommets are standard on all returns, bridge and worksurfaces located in back center of top. Black wire access grommets are standard on all credenzas, hutches, highback organizers and electronic data support tables located in back panel.

Chassis Construction

Construction technique is mortise and tenon, groove and tenon, heavily glue blocked for maximum strength.

Filing

File drawers use an easily adjustable filing rail system which can be positioned to accommodate front to back or side to side letter or legal filing.

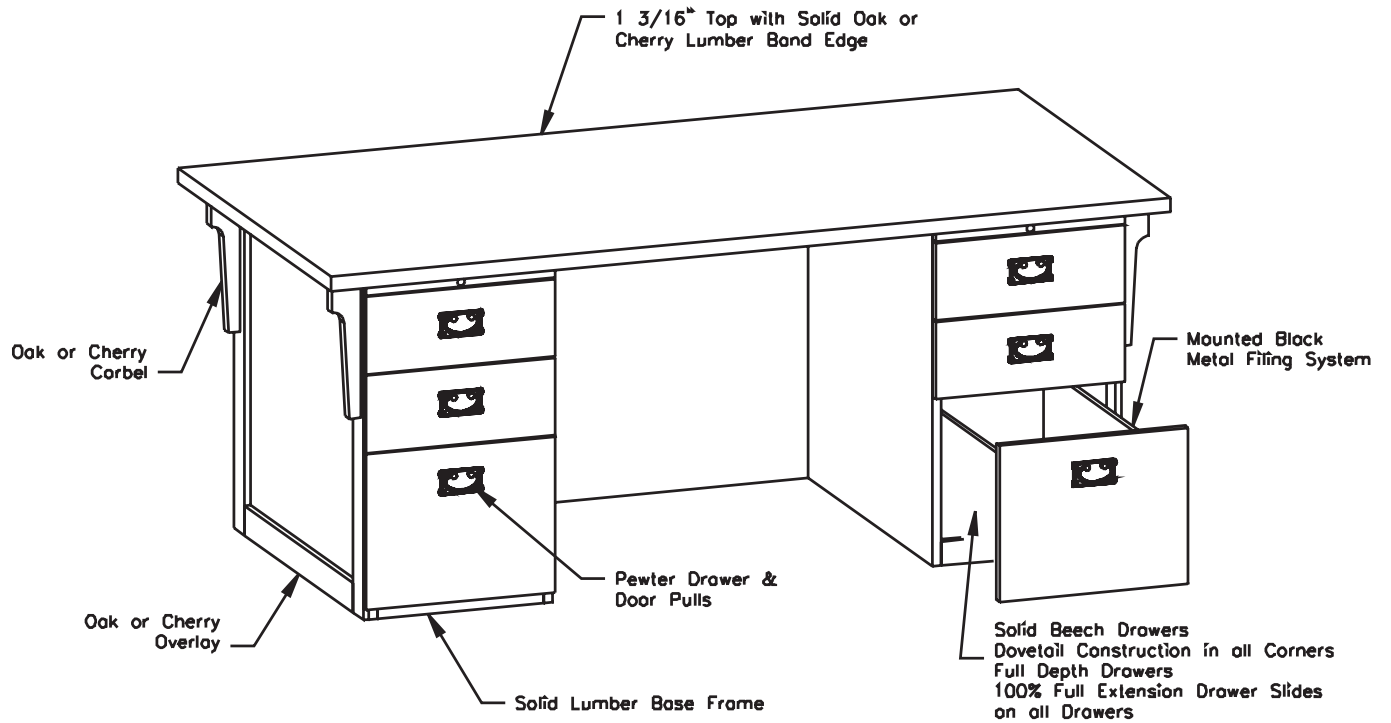

Finish

All exposed surfaces are finished with a UV inhibitor catalyzed varnish finish to ensure maximum durability, chemical resistance, color retention and clarity. All exterior surfaces are finished in the following multi-step sequence: sap stain, NGR stain, wash coat, wash coat sand, filler spray, filler wipe, sealer spray, sealer sand, varnish spray, varnish sand, varnish spray. Moisture content for all wooden parts is between 5 - 9% prior to sealing. Drawer interiors and exteriors are UV prefinished with sealer, sealer sand, and varnished. Custom finish matches are available, contact customer service for request.
