Veneer on all exposed surfaces is Select American Black Walnut, Cherry, Maple or Oak. Outside panel veneers are bookmatched in sets to provide proper grain consistency. Transaction counter and worksurface rims are Solid Walnut, Cherry, Maple or Oak with the specified edge profile. All surfaces are catalyzed lacquer full-fill finish to insure maximum durability, chemical resistance, color retention and clarity. Product is backed by a 10-year warranty guaranteeing its durability. Jasper Desk is a vertically integrated manufacturer. We mill our own woods, lay up the veneer and control the quality of the product from forest to finish. Should you need a modification to our standard reception stations, or have your own specifications, we welcome the opportunity to comply with your needs.
